Sucking in obscurity  
So real the touch of sound  
Fill my lungs with purity  
Inhibition breaking down

I control the nevermore  
I'm immune, I am free  
I control forever more  
No matter what they say

Slipping away  
Sorrow and pain  
Feeling the flame

I am the drug that's been twisting your brain  
Sucking the feelings, feeding the flame  
Locked inside where the truth is lies  
Locked inside I control your mind  
Searing fear through you

And on the edge of infinity  
Can't make the final choice  
Old faces burn clean into me  
Just names without a voice

I control the nevermore  
I'm immune, I am free  
I control forever more  
No matter what they say

Slipping away  
Sorrow and pain  
Feeling the flame

I am the drug that's been twisting your brain  
Sucking the feelings, feeding the flame  
Locked inside where the truth is lies  
Locked inside I control your mind  
Searing fear through you

Look, changes taking over me

Numbed in the quiet  
You, just a face in a dream  
Laughing voices cutting through the silence  
Time, has no meaning for me  
Peeling back the colours  
Doors, open up my world of sound  
Transport me from one life to another
