Anger, fills this world of bitterness  
Despair is just a factor of life  
Remorse, for a world devoid of feeling  
Cry, for a way of change  
Remorse, for a world devoid of feeling  
Cry, for a way of change

No conformity  
Sick society  
No conformity  
Forlorn existence

Despondency arising from dependency  
Hopelessness is just a symptom of decay  
Remorse, for a world devoid of feeling  
Cry, for a way of change  
Remorse, for a world devoid of feeling  
Cry, for a way of change

No conformity  
Sick society  
No conformity  
Forlorn existence

Harmony arising from the anarchy  
The seeds of evil must be stopped before they can be  
reaped  
Remorse, for a world devoid of feeling  
Cry, for a way of change  
Remorse, for a world devoid of feeling  
Cry, for a way of change

No conformity  
Sick society  
No conformity  
Forlorn existence
