

Reina Del Cid "Distance"

Visit "[Distance](#)" on [MotoLyrics.com](https://www.motolyrics.com)

We tried to hold it back
But the sweetest days always pass
And then we're left with
The memories of then

Now over here, back on my side
I have tried to pick up my life
Can't keep my thoughts from
Getting caught up in you

Chorus:
I'm thinking of you almost every day
I'm trying to enjoy my stay
But I need all this distance
To melt away, yeah
So we can have it like it used to be
When I could see you smile at me
Sometimes I want to sleep until it's through
Then wake up to you

They say, it all gets better when
You've been apart
They say, "You'll make it
You just wait it out..."

But I miss you, like I used to miss the stars
I always wonder where you are
I'll say it
I'm cavin' in

Chorus
