Listen to my words
I know that
I know that you don't know me
You don't know me
But listen to my words
Can you hear me tonight?

Look into my eyes
I know that
I know that you don't see me
You never see me
But look into my eyes, yeah
Can you see me tonight?

I know that you don't have the time
To take the drive down through my mind
I know that I'm not something that you'd need
(I know, but...)
Can you see what it feels like
To long to say the things I write?
To be so high and hate the height in me?
I need you to know, so,
Listen to my words

You'd never notice me
But I know that
I know that you could like me
I know you'd like me
If you'd ever notice me
On a night like tonight

I've gotta speak to you sometime
Cause I know that
I know I can't wait longer
I can't wait longer
I gotta speak to you sometime
So I'll do it tonight
