I love the darkness and the shadows
Where I can be alone
And when I close my eyes
I can see behind the sweet lies

And you can earn all that money
And you can earn all that gold
But you won't get me back
No, not with that, you've been told

And what you're going through
There's nothing I can do
And what you going through
There's nothing I wanna do for you

'Cause you're a liar
A sweet little liar

'Cause you're a liar

And now you're wrapped up in the shadow
The cold and lonely shadows
And now you're wrapped up in the shadow
Of someone you thought you had bought

'Cause you're a liar
A sweet little liar
'Cause you're a liar

I love the darkness and the shadows
Where I can be alone
And when I close my eyes
I can see behind the disguise

You're a liar
A sweet little liar
You're a liar
