My little one and lonely smoke some little green wings  
She was a boo, boo queen that told me how to see  
things  
Something's coming but I think it's from the gutter  
She loved me, honey, but she thinks that's money's  
better so

You're walking on the moon tonight  
It's lonely, it's lonely  
You're walking on the moon tonight  
It's lonely, it's lonely

That little queen has got something in her pocket  
That little queen has got something in her pocket  
Six little angels and a long barrel boom bang  
Six little angels and a long barrel boom bang

You're walking on the moon tonight  
It's lonely, it's lonely  
You're walking on the moon tonight

It's lonely, it's lonely

Love will never do what you wanted it to  
Love will never do what you wanted it to  
Love will never do what you wanted it to  
Love will never do what you wanted it to, so

You're walking on the moon tonight  
It's lonely, it's lonely  
You're walking on the moon tonight  
It's lonely, it's lonely

My little one and lonely  
Smoke some little green wings  
My little one and lonely  
Smoke some little green wings  
My little one and lonely  
Smoke some little green wings

My little one and lonely  
Smoke some little green wings

My little one and lonely  
Smoke some little green wings  
My little one and lonely  
Smoke some little green wings
