Clerical Skills (The Dirty Red Bandana)  
Reisa L. Gerber

Dedicated to: My favorite Psychiatrist!

Went down to the workplace,  
Thinking about demitasse,  
Down by the Peppermill Cafe, oh,  
Figured I might get a volunteer position,  
But he said, "Let's check out your clerical skills"  
So I drew him a picture of a mama in a babushka  
I threw it out,  
But he found value there-  
He said, "Honey, you know how they put it, yeah.,  
It's in the paper bag!"  
So we lay down on the floor,  
And we talked about "regalos"@  
And "the hots" and "Marina Del Rey..."  
You know, he never cared who he was talkin' to-  
He saw starz like people.  
He said, "Dylan was the captain in that  
Blue marine sailor suit"  
I'll take the fortune,  
And you take the demitasse!  
I said, "Hey, dude, that's alright with me!"  
I really need that coffee in the morning!
