We got alot of nice, bright colors,
A lulu of a song
But since it's been a secret for 25 years,
We need alot of nice bright greenbacks!
There's 7-up in the lobby of the movie
And you can sure, that we'll take it on tour,
In a nice enclosure,
sweet, sweet closure,
Put it on your mastercard!

Now, "yellow" means, "I caught you",
and "turquoise" is embarassment,
Bight green-blue means "It's about you"
"Flash of yellow", and we "made it up fast"
Now grayish blue, "I love you"
And color codes are cool!
Plum is "ignore it" and "silver", I'm afraid!
Hey, babe, I'm glad I met you...
Hello, Reisa, I am sure,
That there are those who relate to you!
La la la la la la
One more for old Bobby McGee!

Thankyou...
