Filled Me Up With Hope

Filled me up with hope
And then the moon did a turnaround, start,
And i'm like, "Stop!"
When you see me lonely,
You sing a different key (stop!)
Those sweetass dreams,
They must be more than voices in the dark,
That I can reckon for you and me
There's a "no talking out loud spark!"
And he said, "I don't care if you said something
Mean, reis,
I'm not into vulnerability...
But if it means anything to you now
Those dreams I gave you-
Cast them out!"
I had a dream and I saw a percussionist
With honeyblonde hair...and CRASH!
Went the cymbals!
I bent down to tie my blackened shoes,
And I realized what he meant:
He said, "Tie that knot! Wouldn't wanna trip!"
I said, "Honey, I don't give a rip!"
And....the family victory sign!
..."See the moon roll around the stars"...
What does that have to do with
..."A silly goose chase?"...
And the spark that a sweet boy gave you:
"You can do anything you want to your mother...
And still keep me coming back for more, huh?"
"I was still dropping bombs down south..
When you opened up your cruel, cruel, mouth...
You walked down the hall in a huff and puff...
You make like you never seen my stuff..."
Never, never yell at your mother...
No matter what she does or what she says..."
She uses you...from far away...
Because it feels good to her...
That old hospital!....
Never, never yell at your mother...
No matter what she does."

@Thanks...to my kindred spirit!
