First you're feeling it,
Whoa, then you're not..
What is this?
Forget what you got!
Call the Doctor-
Give you somethin' help you feel fine-
Improve yourself!
Forget what you got!

Chorus:

Then why do you waste your time,
With a line about what's bugging you?
All those tried and true things to do!

Get it together!

You can do it! You don't have much time!
It's the same old song, babe,
We're talking 'bout maturity!
You can handle responsibility!

Chorus:
