Help me Make it Through the Night
I got a letter in the mail today
She said she loves me more than words can say
But I feel I'm slipping back
To a loss of heart attack

Refrain:
Help me feel it, help me feel it,
Help me feel it,
Help me Make it through the Night

Alot of people do not trust me mind
Their confrontations are not always kind
But the truth must be exposed
Like a garden has to grow

Refrain:

Now to commitment my bright red hat I toff
If I broke it, it would turn you off
But since I can't have you
Don't matter what I do

Refrain:

Now if I want to, I can change my script
I think my spirit's speaking from the crypt
But the gypsy says I'll find
Some real peace of mind

Refrain:
