Kill Me (If youWill)

Kill me if you will
I'm not afraid of death
All your dreams fulfill,
I hope you have success.
For I have fallen from grace,
Dress me in garments of lace,
Take me to my resting place in the sun
I don't love you
I don't love you.

Stop my aching heart from it's grievous beat
"Get me out of here" into the lonely street
And when they lay me down to rest,
And my heart lies still within my breast,
The sun will set in the western sky
I don't love you
I don't love you

Do not think of me,
This is my just reward.
When I feel passion, I will be ignored.
Let my evil soul wander down by the sea,
Where I'll face a dark eternity.
My problems will be buried with me
Let it be
Let it be.

But is there a glimmer of light
To get me through the long, lonely night.
There is no ending in sight to the pain.
I don't love you
I don't love you.

This is the piece d'resistance,
And the end of my journey through the
Beautiful realm of music and words....
I believe that talking about these things
Is a gift for freedom and....help.

To the people at Lyred.

Thankyou.
