Monkey Lady

Murderers get capital, murderers get life  
But yours are small vices  
Could you think twice, man, could you think twice?  
Is all I have to beg of you-  
Before you get carriwd away

Refrain: M-m-monkey lady, my m-m-monkey  
Lady  
It all comes down to you!  
M-m-monkey lady, my m-m-monkey  
Lady  
It all comes down to you.

Don't get mad at me for saying it,  
But you're only wrong a bit-  
Yours are small vices-  
Could you think twice, is could you think twice?  
Before you get carried away?

Refrain:

No, I am not in the mood-  
I don't want more food.  
could you think twice, baby, please just think twice  
Is all I'm gonna ask of you-too!  
Before we get carried away! OA!

Refrain

{Reis'a secret language!}  
Danka munchin, Sanka munchin,  
Tab on me taboo!  
Yours are small vices.  
Could you think twice, is could you think twice  
Is all I must insist of you!  
Before you get carried away!
