Our Love Will Come-replac. Lucky Stars-03 + 09

There is something about you  
When I look into your eyes-  
That makes me never want to be without you  
And we can fly-yi-yi to the sun,  
And in time, our love will come.

When you tell me you love me,  
And you hold me in your arms so toght,  
The birds sing in the sky above me-  
And we can fly-yi-yi to the sun,  
And in time, our love will come.

So pardon my yearning,  
And the tears that heaven cries,  
For with you I am learning,  
to fly-yi-yi to the sun,  
And in time, our love will come.
