Please Don't Do It, Girl

Are you very arbitrary? Do you feel the pain?  
Victory would be so sweet,  
What emotional defeat.

Refrain:

Please don't do it, girl  
Please don't do it, girl

She was learning not to bother,  
She lost her temper with her father

Refrain:

When he pushed her, progress showed,  
She calmly points out "Overload"

Refrain:

I witness fear, I witness doubt,  
Said "Dad, I love you...sit this one out!"

Refrain

Thanks!
