Please Get Out of My Life  
Please Get Out of My Life  
Take me down to the Florida kwys,

By the evergreen and the palm-  
Take me down to the Florida Keys,  
Teach me lessons in respect,  
By the evergreen and the Palm  
For my father and my mom-  
Give me lessons in respect,  
You can't be with me all the time,  
For my father and my mom,  
But you sure do rule the pound-  
You can't be with me all the time,  
Put your foot down all the time,  
But you sure do rule the pound!  
Except when it's wrapped around.  
Put your foot down all the time,  
Please get out of my life.

Except when it's wrapped around!  
Once I thought that loving you,  
Chorus:

Was this ultra great big deal,  
Please get out of my Life  
But I got caught up in something,  
I guess he's gonna do this to me  
Like a cog in a human wheel.  
Until eternity  
If I still had a reason to make a change  
I guess it's true, do until others,  
In front of you,  
As they would do unto me,  
It would be so soft and sweet,  
He's out there seeking justice,  
But now all I want is to be let loose,  
And I hope he wins his case,  
Standing on my own two feet,  
I guess I've learned my lesson,  
Please get out of my life.  
Don't mistreat the human race!

Please get out of my life.

I guess he's gonna do this to me,

Until eternity,

I guess it's true, do unto others,

As they would do unto me,

He's out there seeeking justice,

until he wins his case-

I guess I've learned my lesson now,

Don't mistreat the human race-

Please get out of my life.
