Rock On With Me (Sweet Colors)

Reisa L. Gerber

She said, "Baby, I'll rock on with you-

Every sweet color you know"

Like a knight in shinin' armour,

Walking 'round and 'round with you"

I saw a picture etched in my mind

Light blue background and scratched out red,

The rook took a ride

Straight down the checkerboard,

He made a play for you.

Chorus:

"hel lado" was the secret code

Unless you had dessert

In Serendipity's in New York City

Then you knew

What you ate and where you were.

He looks at you so sleepy eyed

And he flicks the ashes from his cigarette,

He says, "Ma's a nukin' one more time!

Mount Saint Helen, oh, yeah!"

And the doctor said he needs to see her

and she knows she's feeling obsessed

And crazy!

Every sweet color fades to white....

And the medicine says right out loud...

"Raise me!"

Chorus:

Thankyou.

I hope I can submit this!
