What a Blow to the Ego

I heard him singing, on the radio,
Love he was bringing, he stole the show!

Refrain:

Why won't he like me?
What have I done?
I couldn't turn him on
What a blow to the ego

Fragile dilemma,
I asked him to stay,
But he just laughed and he walked away.
Refrain:

We all have to hear this,
We all have to see
How I've ruined my life,
People ridicule me.
"No, man, I'm sorry"
Not even a chance...
I come to you, askin' a "back-up" **
I beg you to understand...

Refrain:

**Wow! What assertiion! It used to be "askin' for
nothing" ...!
This is a song and a big leap to:
"That Man With NO Expression"
