You Never Know (just how much)

You never know just how much a person's got  
'til you see them when they're down and out-  
You never know, just how much a person's got,  
'til you see them when they're down and out-  
Whoa-yeah,  
I can tell you a story about my man,  
When things weren't going his way-  
Oh, no, don't you let your man  
Put drugs in his body or you'll have hell to pay-  
Oh, yeah  
My man done put drugs in his body now,  
My man gonna fall-  
Oh, no,  
Don't you let your man put drugs in his body,  
Or you won't have your man at all!
