The regret of all the times I've lied to you...
The burden of the truth
Forgive me, Forsake me,
Just make this pain go away.

My salvation never comes;

Holding on until you're gone,
I can't believe that I'm finally free
From everything.
And if I close my eyes tonight,
Will you still remember me?

The regret of a thousand lies pulling me down;
The burden of the truth.
Tear out from me this restless heart,
If it could get back to you.

My salvation never comes;

Holding on until you're gone,
I can't believe that I'm finally free
From everything.
And if I close my eyes tonight,
Will you still remember me?

I gave up everything just to, to see you smile
And in this darkened sky, I've found my light

Remove from me this darkness, (Remove me from this
darkness)
That turns my thoughts into despair. (That turns my
thoughts into despair)
Return to me the innocence (return to me the
innocence).
Of your eyes.
