Can you see
Honest questions in my heart this hour
Opening like a flower
To the rain?
And do you know the silent sorrow
Of a never ending journey
Through the pain

Do you see a brighter day for me?
Another day?
A day?
Do you wonder what's in store for me?
The cure for me?
The way?

Oh look down see the tears I've cried
Lives i've lived
The deaths I've died
You died them too
And all for me

And you say (faded)

"I will pour my water down
Upon a thirsty barren land
And streams will flow from the dust of
Your bruised and broken soul
You will grow like the grass
Upon the fertile plains of Asia
By the streams of living water
You will grow, You will grow"

Do you know
The story from the start?
And do you know me
Like you've always told me?
Do you see
The whispers in my heart against your kindness
My eternal blindness
Do you see?

Do you see a brighter day for me?

Another day?
A day?
Do you wonder what's in store for me?
The cure for me?
The way?

Oh look down see the tears I've cried
Lives i've lived
The deaths I've died
You died them too
And all for me

And you say (faded)

"I will pour my water down
Upon a thirsty barren land
And streams will flow from the dust of
Your bruised and broken soul
You will grow like the grass
Upon the fertile plains of Asia
By the streams of living water
You will grow, You will grow"

"I will pour my water down
Upon a thirsty barren land
And streams will flow from the dust of
Your bruised and broken soul
You will grow like the grass
Upon the fertile plains of Asia
By the streams of living water
You will grow, You will grow"
