(Berry/Buck/Mills/Stipe)

I remember redwood trees, bumper cars and
wolverines
The ocean's Trident submarines
Lemons, limes and tangerines
I remember this

I remember traffic jams
Motor boys and girls with tans
Nearly was and almost rans
I remember this
History is made
History is made to seem unfair

I recall that you were there
Golden smile and shining hair
I recall it wasn't fair
Recollect it wasn't fair
Remembering it wasn't fair outside

Low ebb, high tide
The lowest ebb and highest tide
A symbol wave I must confide
I guess we took us for a ride
I guess it's just a gesture

I remember this defense
Progress fails pacific sense
All those sweet conspiracies
I remember all these things

I remember traffic jams
Motor boys and girls with tans
Nearly was and almost rans
I remember this, this

Low ebb, high tide
The lowest ebb and highest tide
I guess we took us for a ride
I guess it's just a gesture

At the end of the continent
At the edge of the continent
At the end of the continent
At the edge of the continent
