(Berry/Buck/Mills/Stipe)

Divide your cultured pearls in haste  
I'm looking for to lay to waste  
Of all the things I cannot taste  
And this not the racy race  
They spoke loud

(chorus 1)

I believe in what you do  
I believe in watching you  
It's what you do  
I believe in what you do  
I believe in watching you

(chorus 2)

I could turn you inside-out  
What I choose not to do  
I could turn you inside-out  
What I choose not to do

(chorus 3)

Given the choice  
Given the heart  
Given the tool  
Given the word  
Given the cheers

(repeat chorus 1)

I believe in what you do  
I believe in watching you

(repeat chorus 2)

I believe in what you do  
I believe in watching you  
Given the choice  
I believe in what you do  
I believe in watching you  
Given the heart

I believe in what you do  
I believe in watching you  
Given the tool  
I believe in what you do  
I believe in watching you  
Given the word  
I believe in what you do  
I believe in watching you  
Given the cheers

I could, I

(repeat chorus 2)

(repeat chorus 3)

Given the choice  
Given the choice  
Given the choice
