Ooo, we were little boys, ooo, we were little girls
It's nine o'clock, don't try to turn it off
Cowered in a hole, opie mouth, question

Did we miss anything? Did we miss anything?
Did we miss anything? Did we miss anything?
Catapult, catapult, catapult, catapult

Ooo, we were little boys, ooo, we were little girls
It's nine o'clock, don't try to turn it off
Cowered in a hole, opie mouth
We in step in hand, your mother remembers this
Hear the howl of the rope, a question

Did we miss anything? Did we miss anything?
Did we miss anything? Did we miss anything?
Catapult, catapult, catapult, catapult

March could be darker, March could be darker
Catapult, catapult, catapult, catapult

Ooo, we were little boys, ooo, we were little girls
It's nine o'clock, don't try to turn it off
Cowered in a hole, opie mouth
We in step in hand, your mother remembers this
Hear the howl of the rope, a question

Did we miss anything? Did we miss anything?
Did we miss anything? Did we miss anything?
Catapult, catapult, catapult, catapult
Catapult, catapult, catapult
