I watched you fall  
I think I pushed  
Maybe I'm crazy  
Maybe diminished  
Maybe I'm innocent  
Maybe I'm finished  
Maybe I blacked out  
How do I play this?

I will give my best today  
I will give myself away  
I have never hurt anything  
Is the jury wavering?  
Do they know I sing?

Maybe I'm crazy  
Maybe diminished  
How do I  
How do I play this?

Jealous lover, self defense  
Protective brother, chemical dependence  
I'll consult the I ching, I'll consult the TV  
Ouija, oblique strategies  
I'll consult the law books for precedents  
Can I charm the jury?

I will give my best today  
I will give myself away  
I have never hurt anything  
Is the justice wavering?  
Does she know I sing  
That song?  
Sing along  
Sing along  
Sing along

I watched you fall  
I think I pushed

Maybe they'll see me  
Maybe they'll say

I can see the truth in his statement  
Smallpox blanket, no way  
Can I charm the jury, my defense?

Maybe I'm crazy  
Maybe diminished  
Maybe I loved you  
Baby I loved you  
Baby I loved you  
Baby I loved you  
Baby I'm finished

I will give my best today  
I will give myself away  
I have never hurt anything  
Is the justice wavering?  
Does she know I sing  
That song?  
Sing along  
(I will never hurt anything)  
Sing along  
(I will never hurt anything)  
Sing along

I have given myself away  
I have given my best today  
I have never hurt anything  
Is the justice wavering?  
Does she know I loved you?  
Does she know I loved you?  
Does she know I sing?

I feel great I lied  
To save your feelin's  
Truth can be my  
Hands smashed through  
The ceilin'  
I lost an arm  
No one harmed you  
Diplomatically alarmed her  
Sobbed away through my, my thin skin

And I am not over you  
I am not over you  
I am not over you
