Hey baby, this is not a challenge
It just means that I love you
As much as I always said I did

I was wrong
I have been laughable wrong
Sandpaper, paper mache, chalk
And hung out wet

On the city and your skin now
I didn't have to be afraid
I didn't have to feel so stupid
I can see myself, I can feel

That just the slightest bit of finesse
Might have made a little less mess
But it was what it was
Let's all get on with it now
Discover, discover, discover, discover
Laughing, discover

Floating across Houston
This is where I am
I see the city rise up tall
The opportunities and possibilities

I have never felt so cold
Remember the vodka espresso
Night of discovery, remember that
Laughing, discover

Oh, how I look back and reflect
How I felt it, how it set
I don't have to feel so wrong now
I wake up dreaming saffron
Turmeric and brass

That just the slightest bit of finesse
Might have made a little less mess
But it was what it was
Let's all get on with it now

That just the slightest bit of finesse
Might have made a little less mess
But it was what it was
Let's all get on with it now
Discover, discover, discover
Discover, discover
