The rain came down  
The rain came down  
The rain came down on me  
The wind blew strong  
The summer song  
Fades to memory

I knew you when  
I loved you then  
The summer's young and helpless  
You laid me bare  
You marked me there  
The promises we made

I used to think  
As birds take wing  
They sing through life so why can't we?  
You cling to this  
You claim your best  
If this is what you're offering

I'll take the rain  
I'll take the rain

The nighttime creases  
Summer schemes  
And stretches out to stay  
The sun shines down  
You came around  
You love easy days

But now the sun  
The winter's come  
I wanted just to say  
That if I hold  
I'd hope, you'd fold  
Open up inside, inside of me

I used to think  
As birds take wing  
They sing through life so why can't we?  
You cling to this

You claim your best  
If this is what you're offering

I'll take the rain  
I'll take the rain  
I'll take the rain

This winter song  
I'll sing along  
I've searched it's still refrain  
I'll walk alone  
I've given this, take wing  
Celebrate the rain

I used to think  
As birds take wing  
They sing through life so why can't we?  
You cling to this  
You claim your best  
If this is what you're offering

I'll take the rain  
I'll take the rain  
I'll take the rain

I'll take the rain  
I'll take the rain  
I'll take the rain

I'll take the rain  
I'll take the rain  
I'll take the rain
