(Berry/Buck/Mills/Stipe)

Resign yourself that's radio's gonna stay
Reason: It could polish up the grey
Put that, put that, put that up your wall
That this isn't country at all

Radio station, beside yourself

Keep me out of country in the word
Deal the porch is leading us absurd
Push that, push that, push that to the hull
That this isn't nothing at all
Straight off the boat, where to go?

Calling all in transit, calling all in transit
Radio free Europe, radio...

Beside defying media too fast
Instead of pushing palaces to fall
Put that, put that, put that before all
That this isn't fortune at all

Radio station, beside yourself
Calling all in transit, calling all in transit
Radio free Europe

Decide yourself, calling all of the medias too fast

Keep me out of country in the word
Disappoint is unto us absurd

Straight off the boat, where to go?

Calling all in transit, calling all in transit
Radio free Europe, radio free Europe
Calling all in transit, calling all in transit
Radio free Europe, radio free Europe...
