I feel my wings have broken in your hands  
I feel the words unspoken inside

When they pull you under  
And I would give you anything you want  
Well all I wanted  
All my dreams have fallen down  
Crawling around somebody save me  
And two warm hands break right through me  
Somebody save me  
I don't care how you do it  
Just stay  
Stay  
Come on  
I've been waiting for you

I see the world has folded in your heart  
I feel the waves crash down inside

And they pull me under  
I would give you anything you want  
Well all I wanted  
And all my dreams have fallen down  
Crawling around somebody save me  
And two warm hands break right through me  
Somebody save me  
I don't care how you do it  
Just stay  
Stay  
Come on  
I've been waiting for you

And all my dreams are on the ground

Crawling around somebody save me  
And two warm hands break right through me  
Somebody save me  
I don't care how you do it  
Just save me

I've made this whole world shine for

Just stay  
Stay  
Come on  
I'm still waiting for you
