On the outside, underneath the wall
All the money couldn't buy
You're mistaken no one's standing there
For the record no one tried
Oh, I try to

What if we give it away?

Overlooking with a hollow eye
What's pretending isn't right
Eye for order, a hand for what's in line
Couldn't follow, couldn't write
Oh, I try to

What if we give it away?

And our life is fine here
Stitch it on your tie here

Here's the trailer Tom
A year has come and gone
We're not moving, wasn't right
Take the order, sew it on your tie
We couldn't follow, couldn't try
Oh, I try to

What if we give it away?
What if we give it away?
