(Berry/Buck/Mills/Stipe/Ayers)

Windout - if you're out of wind

Windout - if you're really spent

Windout - if you're young and red

(chorus)

Yeah, tick tock, it's time o'clock

Once is good enough, you really go

So find out - if you're really spent

Find out - if you're out of wind

Windout - if you're out of sin

(repeat chorus)

Winding up

There's no doubt - that you're feeling fine

No doubt - that you're out of mind

No doubt - that you're young and red

Windout - if you're really spent

Find out - if you're young and red

Windout - if you're out of wind

If you're young and red

Tick tock, time to clock my band

Once is good enough, you really go

Windout, find out, no doubt

Windout, find out, no doubt

Windout, windout, windout
