you wanted a challenge  
that's calling you higher  
I landed on my feet by crawling  
I remember standing alone trying to forget you idling  
I hate to admit that  
that's my reference point  
but there it is  
you say you want me

I'm what you found  
I'm upside down  
you're in the air  
you're in the air  
and I am breathing

brighten the stars the weather  
is lifting the heavens love a  
love like this it's pulling you higher twist it and turn this  
around it lights from within it dribbles your chin now  
brings a smile I'm lost again I'm lost again  
I'm what you found I'm upside down you're in the air  
you're in  
the air  
and I am breathing  
you

I want the stars to know they've won if only to beguile  
the sky  
has opened up again in  
heaven reconciled I want you naked I want you wild I  
want the  
stars to know they win  
give me that smile just give it me just turn it on I'm lost  
again

I'm what you found I'm upside down you're in the air  
I'm what you  
found I'm upside down  
you're in the air I'm what you found I'm upside down  
you're  
everywhere  
you're in the air

and I am breathing you
