One day i was in an office job
the next day i was doing what i didnt know i loved
it happened so quickly
but it seems to work for me
one day i was so depressed
i didnt know where my life would take me next
i close my eyes and just let my gut guide me
i just let it guide me

i put my glasses on
and i looked into the future
just to see what it holds
i got myself a producer
so my stories could be told
i hoped on the boat
where its going we dont know
just gotta go with the flow
i gotta go with the flow
oh oh oh.....

one day i was talking to my friend
about being stuck in my rut works again
she had to catch a plane
but she said dont worry things will change
one day i was feeling cold
i thought i dont wanna look like a regret things when im
old
i put up my hoodie and just waited for the wind to blow
where ever it takes me ill go

i put my glasses on
and i looked into the future
just to see what it holds
i got myself a producer
so my stories could be told
i hoped on the boat
where its going we dont know
just gotta go with the flow
i gotta go with the flow
oh oh oh.....

Oh uh uh oh

oh oh oh
Oh uh uh Oh
Oh Oh Oh

.....

Gooooooooo with the flow

i put my glasses on
and i looked into the future
just to see what it holds
i got myself a producer
so my stories could be told
i hoped on the boat
where its going we dont know
just gotta go with the flow
i gotta go with the flow
oh oh oh.....

Gooooooooo with the flow
