I'm the type of girl who likes to kick a ball around
The park
And sometimes likes to escape with my friends from
London in the dark
It's silly that you get upset by these things that I do
You have to accept that this is me and this is who I
Love to be
I'll never change for anyone especially not, especially
Not you

You don't have to be intimidated by me
I swear I won't bite I'll play with you nicely
I'm so full of all your stupid insecurity
So if you can't take me for all that I am
I have to say na nighty

It's not my fault if when we're out some guy looks at
Me
But it is your fault if we get kicked out
Embarrassingly
Why do you have to go and do all the things that you
do
Don't you know I love you so and we don't have to let
You go
But if it carries on like this I'm gonna have to

You don't have to be intimidated by me
I swear I won't bite I'll play with you nicely
I'm so full of all your stupid insecurity
So if you can't take me for all that I am
I have to say na nighty

It's no big deal that your mum loves me more than you
And it's cute that it comes easily for me to do more
Kick ups than you
You don't need to act all macho to prove that you're a
Man
I just need you to love me and I know that you can

You don't have to be intimidated by me
I swear I won't bite I'll play with you nicely

I'm so full of all your stupid insecurity
So if you can't take me for all that I am
I have to say na nighty
