(Written By Lou Hall)

Why do the clouds cover the sun?
Why does the rain take over the fun?
The fun of life
The fun of a child
The fun that makes you
Want to run wild

(Chorus)

There are things in life we cannot explain
We cannot have all the answers
A false moment seems so plain
But that is just what they are... mysteries

Why do we smile when we want to cry?
Why say we're fine when we're hurting inside
The pain of love
The pain of life
Knowing that things will never be right
(chorus)
