(Written by Jymi Dowthwaite)

I'm just a refugee
Spare no thoughts or words for me
Look down your nose 'cause I don't wanna blend
Slow me down, am I fittin in too fast
Gun me down, am I changin things too fast

Chorus
Today I feel so fragile I break
All I say is so deprived of your grace
Above the noise I hear you say
Welcome to the Revolution

I'm just the modern child
My thoughts aren't allowed to fly
Educated in the way you please
Tired of, Bruised knuckles and grazed knees
Hopin that, someone would come set us free
