Empty hollow minds  
Weary fragile souls  
What is the meaning of your life  
You're walking endless miles  
Broken lies, fallen skies  
Sorrow deep within your mind  
Why keep digging down deep into the pain  
Walking among the living dead  
Dwelling in the supremacy of sorrow  
Corrosion of emotions  
No escape when redemption is lost  
Why decline eternal life  
Repent  
Or you'll find yourself swimming in the Lake of Fire  
Worthy is the Lamb seated on the throne  
His blood has covered our sins  
For God so loved the world  
That He gave His only Son  
Whoever believes in Him shall have everlasting life  
Why keep digging down deep into the pain  
Walking among the living dead  
Dwelling in the supremacy of sorrow  
Corrosion of emotions  
No escape when redemption is lost  
Why decline eternal life  
Repent  
Or you'll find yourself swimming in the Lake of Fire  
You raise your head up to the skies  
Change your ways like the shifting tides  
Have you lost the sense of time  
Completely blind to see the signs  
Heaven and earth will pass away  
But His Word will endure  
There will be signs in the sun and the moon  
Distress of nations with perplexity  
Your pain can be healed in His name  
Your shame taken away  
'Cause our Lord has conquered the grave  
By His grace we are saved
