Get out of here
Put on your dress
And leave my door
By the look in your eyes just say goodbye
And say no more
You belong to him now
Cause you have made your choice
And you're not supposed to be here... anymore
And i'm not supposed to hold you
Like a thousand times before
No i'm not supposed to love you... anymore
Fix up your hair, dry your eyes
And just walk away
Deep in my heart you know i would love to see you stay
I will always love you, for the rest of my life
But you're not supposed to be here... anymore
And 'm not supposed to hold you
Like a thousand times before
No i'm not supposed to love you... anymore
I'm not supposed to kiss you
I'm not supposed to miss you
But love can be to blame
When there was always a favorite game
I'm not supposed to hold you
Like a thousand times before
And i'm not supposed to touch you anymore
No i'm not supposed to hold you
Like a thousand times before
No i'm not supposed to love you... anymore
No i'm not supposed to love you... anymore...
