Kaylee, do you know how much I love you?  
Do you know how much I care for you... inside?  
Kaylee, do you know how much I want your love?  
Can't you see me standing here alone?  
A lonely heart without a home...  
But everytime I try to talk to you,  
Everytime you walk away.  
Am I wasting all my time?  
Will you make me lose my mind?  
Oh, Kaylee, how can I make you stay...  
Kaylee, I just wrote I song for you,  
And so much more I wanna do,  
I only wish you knew.  
Kaylee, did someone send you roses?  
Did someone send you letters,  
Like I'm sending you?  
But everytime I try to talk to you,  
Everytime you walk away.  
Am I wasting all my time?  
Will you make me lose my mind?  
Oh, Kaylee, how can I make you stay...  
I have been in love before,  
But with you it's so much more.  
And every step on every road  
Just leads me to your door.  
Kaylee, you are beautiful...  
But everytime I try to talk to you,  
Everytime you walk away.  
Am I wasting all my time?  
Will you make me lose my mind?  
Oh, Kaylee, will someone ever love you?  
Oh, Kaylee, I do...
