Just one more kiss before you go
my love

Before you say goodbye
before you see me cry.
Just one more kiss - a kiss to ease the pain.
Just one more kiss of love until we meet again.
Tust one more kiss will break my heart in two

I have to leave but I don't want to go.
Don't you know I'm in love with you so

Remember this as I give you one more kiss.
Just one more kiss before you go
my love

...

I'll always miss and long to be with you

Although we're apart you will be here in my heart.
But you know that I'll cry as we say goodbye

This lonely day the way that lovers do.
Just one more kiss before you go
my love

...

I can't forget the sweetest reddest rose

The serenade that was always played.
That starry night when you held me tight

I'll give you one more kiss before I go.
Just one more kiss before you go
my love

...

Just one more kiss before you go
my love

Before we say goodbye
just one more kiss - just one more kiss.
Chow

baby
chow.
