Complaining, conversations are like needles in my ears  
Your telling pointless things that I don't need to hear

Die your hair, go and change something  
Wear less make up, just try it you might like it, and then  
If you decided to give up one day  
Don't you no the world will spin anyway  
Your parents might care for the next few years  
They'll shed a few tears and pray

What makes you so important,  
That you can give up, grow up life's tough and it should  
be  
Don't make a martyr out of yourself,  
Don't stand there crying out for help, help yourself

Help yourself help yourself Help yourself  
Cause if you cant who can!!

God you make me nauseous, your so daymn gorgeous  
and you complain about  
Absolutely every daymn thing, "why can't I win, why  
cant I just get over him"  
And all you do, is tell me how shit your life is  
Wake up girl, look at the world your one of the lucky  
ones  
If you decided to give up one day  
Don't you no the worlds will spin anyway  
Your parents might care for the next few years  
They'll shed a few tears and pray

What makes you so important,  
That you can give up, grow up life's tough and it should  
be  
Don't make a martyr out of yourself,  
Don't stand there crying out for help, help yourself

Help yourself help yourself Help yourself  
Cause if you cant who can!!

Cause if you cant who can!!

Cause if you cant who can!!

you think your so important

you think your so important

What makes you so important,

That you can give up, grow up life's tough and it should  
be

Don't make a martyr out of yourselfffffff

Don't stand there crying out for help, help yourself

Help yourself help yourself

Cause if you cant who can
