Baby I would die for your love, there's nothin' that I
wouldn't do-oo
Shouldn't be a doubt left there in your mind
After all we've been through, you're still my number o-
one
Nothin's gonna change our place in the sun

But in the middle of the night when there's no one to
hold you tight
I wish with all my might I could hear you say
I want you, I want you, I want you
All my love, all my love, all my love

Maybe I'm afraid of the way I feel about you
Look into my eyes, I'm under your spell
When I'm caught in the middle of a raging storm
I need your protection to keep me warm
I would follow you wherever you go, eah-eah

But in the middle of the night when there's no one to
hold you tight
I wish with all my might I could hear you say
I want you, I want you, I want you
All my love, all my love, all my love, eah-eah

I'm givin' you love so completely, I'm givin' you love so
completely
I'm givin' you love so completely, I'm givin' you a love
so stro-o-ong

I need, I need, I need your lo-ove
Your lo-ove, your lo-ove, your lo-ove, your lo-ove

All my love, all my love, all my lo-ove, all my lo-ove, all
my lo-ove
(I'm givin' you love so completely), all my love
(I'm givin' you love so completely), all my love
(I'm givin' you love so completely), all my love
(I'm givin' you love so completely), all my love, yeah-
eah

I wanna give my heart, I wanna give my heart away
I wanna give my heart, I wanna give my heart away
I wanna give my heart, I wanna give my heart away, all
my love
I wanna give my heart, I wanna give my heart away, all
my love
I wanna give my heart, I wanna give my heart away, all
my love
(I'm givin')
