"Falling Through The Sky"

I see you leave again
It's over
And it kills me to watch you descend
To the end
Shutting me out again
Are you trying?
Closing me out again
Are you hiding?

You take me down
Further inside of me
I'm fading out
I can barely see

To see you giving in
I'm under
And to say it's the last time again
It's the end
Shutting me out again
Are you trying?
Closing me out again
Are you hiding?

You take me down
Further inside of me
I'm fading out
I can barely see
