You're Welcome To The Land  
Where All Dreams Will Start  
Turn On Your Minds  
Turn On Your Brains  
Your King Will Be Here Today  
Welcome Again  
To The Twin Spirit Land

So Hurry Up And Leave The Train  
Take A Seat At Your Desks My Friends  
A Man's Dreaming  
Your Help Is Needed  
I'm Sure You'll Be Strong Enough  
Welcome Again  
To The Twin Spirit Land  
To The Twin Spirit Land !

Is Given In Our Hands

Mister Chaos Will Be Telling Soon  
He's Your Magic Father  
Bow Down To The King That's Ruling  
The Twin Spirit Land

Long Life To Mc Chaos King  
We Are Here To Obey Him  
Long Life To His Majesty  
We Are Here To Obey Him

Your Brothers To This Land  
I'm So Proud  
To Tell You That  
You Were Born For This Magic Place

[Storyteller]  
Well, this place was definitely amazing ! The ground was like a big maze suspended in the air. Scattered along its tight corridors there were many numbered control stations where every twin spirit was slowly taking his place. Each control station featured a comfortable armchair and a wide screen through which the Twin Spirit could control the fantasies of his owner. Furthermore, there was a big control panel installed

behind the screens. On the panel there were the archives of every possible fantasy, which were ready to be used for the creation of a dream. Genius and his Twin Spirit found the others, who had previously arrived and were already at work. Meanwhile many dreams were still continuing on the screens, a tall and imposing shape appeared, making all the twin spirits run quickly in order to take their places. This imperious person was on time for the usual speech he performed in front of the dream makers at the start of every shift]
