Infiltrated by tradition, intolerance and plan. the
Conflict certainly needs striking action. strike down
Insurrection. "see that's my dad on the floor, dead on
The floor". thousands killed in the shadows of war.
Pulling strings in the media complex, the resources still
Form the highest interest. so compute the power we
have
To put in. compute the profits that we might get out.
Bring all the power that we can put in. get all the power
That we can get out. putin get out of chechenia!
