Even if the sun refused to shine
Even if we lived in different times
Even if the ocean left the sea
There would still be you and me

Ever since the start of time
You've had my love (oh yeah)
Even before I knew your name
I knew your heart (oh girl) I always knew from the very
start
I would find a way
In the dark of the darkest night
I can see your face (yeah)

[Chorus]
Even if the sun refused to shine
Even if we lived in different times
Even if the ocean left the sea
There would still be you and me

Even if the world would disappear
Even if the clouds would shed no tears
Even if tonight was just a dream
There would still be you and me

You've always been there and you'll always will be
The only one (oh yeah)
Until forever you hold me girl (until forever)
I'll never know (ohh...)
In the cold of a winter's chill
I'll be there tomorrow (oh'll)
Oh girl, and here you are with me for all of time
No matter what

[Chorus]

Two hearts that belong together
From the very start
One love, now and forever
Nothing can tear us apart

[Chorus 2x]
