She knows, Oh God, I think she knows,
The reason that I stand,
And the others fell straight down,
She cries, Oh God, I know she cries,
The tears stain her skin...

Feathers over the fire,
Letting the wings fall through the air,
Feathers over the fire,
Watching them burn...

I know, Oh you don't think I know,
Give me some hope,
Even when I'm pulling you down,
Pulling you down...

Pulling you over the fire,
Letting the wings fall through the air,
Feathers over the fire,
Watching them burn,
And she knows, She can't take it,
And I know, I'll leave her naked,
Over the fire...

You don't need it,
But you're only running,
You don't need it,
You're better off, Now honey,
You don't need it,
Stop the show now,
You don't need it,
You don't need it...

Feathers over the fire,
Letting the wings fall through the air,
Feathers over the fire,
Watching them burn,
And she knows, She can't take it,
And I know, I'll leave her naked,
Over the fire,
And she knows, She can't take it,

And I know, I'll leave her naked,
Over the fire, Over the fire...
