My best friend was an accident,  
He's having children of his own,  
His sister was a basket-piece,  
She sings those songs on Sunday morn,  
But with the words cut just right,  
She can't escape the spotlight...

I get it, Uh-oh, I get it,  
You made her,  
And now she's unwinding...

I can see the fire as it burns us alive,  
Fame changed how you look inside,  
Running out of time as it swallows up our lives,  
Fame changed how you look inside...

Borderline on alcoholic,  
Don't wait 'til sunset,  
He wants his coat checked,  
He gets himself a record,  
Little behind the wheel,  
With disposable life,  
Opposable friends watch from,  
Oh, oh...

I get it, Uh-oh, I get it,  
Your failure, Is weighing you down,  
You made her,  
But now she's unwinding...

I can see the fire as it burns us alive,  
Fame changed how you look inside,  
Running out of time as it swallows up our lives,  
Fame changed how you look inside...

I can see the fire as it burns us alive,  
Fame changed how you look inside,  
Running out of time as it swallows up our lives,  
Fame changed how you look inside...

How long until you realise I'm gone?

C'mon, Can you feel the cold coming?  
How long until you see the one's you love?  
C'mon, Gone...

I can see the fire as it burns us alive,  
Fame changed how you look inside,  
Running out of time as it swallows up our lives,  
Fame changed how you look inside...

How long until you realise I'm gone?  
Fame changed how you look inside,  
How long until you realise I'm gone?  
Has fame changed... you... ?

How long until you realise I'm gone?  
C'mon...
