Lets hold the line again,
Communication's at it's wits end,
You're still not with this,
You're eyes are a vicious maze,
That I can't navigate,
I know you're somewhere in there...

What's on your mind?
It's easy to belive,
Space the pills out,
You knock them down, In spite of me,

You take, Everything too late,
Give me another day without you, Without you...

What's your on mind?
It's easy believe,
I don't trust you...

I thought I could play the same,
I thought I could find someone to blame,
So I keep you close, Right!
Can't mind for myself anymore,
Promise with that eye on the door,
Hold my neck while I saw,
Hanging in the hallway,
Wishing you would change but in the end it remains...

You take, Everything to late,
Give me another day, Without you, Without you,
You lay, Everything I trade,
When you lie to me, When you lie to me...

Yeah, Yeah!
Yeah! Yeah!

Sleep now, Sleep now...

You take, Everything to late,
Give me another day, Without you, Without you,
You lay, Everything I trade,

When you lie to me, When you lie to me...

Yeah, Yeah!

Yeah! Yeah!
