I see a hero in a chair,
I see a hero alone in bed,
I see wit unwaiting,
I see a hero observe the dead...

I see a hand that held a gun,
I see a hero trying to breathe,
I see wit unwaiting,
I see a hero in me...

You're on the new horizon,
You're on the new horizon,
Feel it coming like a siren,
I am waiting,
You are waiting to die...

I see a patriot patronized,
I see wit unwaiting,
You are waiting to die...

You're on the new horizon,
You're on the new horizon,
Feel it coming like a siren,
I am waiting,
You are waiting,
I am, I am,
You are waiting to die...
